I am a skilled Front-End Developer with 1.5+ years of experience building responsive web applications using React, JavaScript, HTML, and CSS. Proficient in user-centered design and web performance optimization, experienced in Agile methodologies.

WORK EXPERIENCE

Senior Systems Engineer
Infosys

05/2021 - Present   *Bengaluru, India*

Achievements/Tasks

- Designed and developed user-interfaces (UI) and user-experience (UX) features for web and mobile applications using React.
- Identified and troubleshooted issues that arise in the application, such as performance bottlenecks, error messages and bugs.
- Developed and maintained code and documentation, and use Git for version control and collaboration.
- Tested and debugged code to ensure cross-browser and cross-device compatibility, including using browser developer tools, testing frameworks and automated testing
- Implemented a system of reusable components, resulting in a 50% reduction in development time for new pages.

EDUCATION

Bachelor of Technology
SRM Institute of Science and Technology

06/2016 - 05/2020   *Chennai, India*

SKILLS

HTML   CSS   Javascript   React   Tailwind

Bootstrap   Postman   Git   Firebase
